# RESOURCES

### **Essential Resources**

This chart summarizes the resources that are essential to formation, and the stage in formation by which each candidate should acquire a copy of the resource. This list is not intended to restrict a community's use of other resources, but to identify those resources that are essential for every Discalced Carmelite Secular to own. For example, a community might choose to use the study edition of the *Way of Perfection*, and require its candidates to purchase it, but it is not essential that every secular Carmelite own the study edition, only the ICS edition.
